

ETH-1000-T1

Automotive Media Converter

ETH-1000-T1

- 1 Gbit/s RJ-45 to 1000BASE-T1 Automotive Single Pair Ethernet media converter
- PoE or USB Type-C power input
- USB configuration interface
- On-board configuration switches

ETH-1000-T1 key features:

- 1 Gbit/s RJ-45 to 1000BASE-T1 Automotive Single Pair Ethernet media converter
- PoE or USB Type-C power input
- USB configuration interface
- On-board configuration switches

ETH-1000-T1 Specifications

Ethernet	10/100/1000 Mbit/s RJ-45 1000BASE-T 100/1000 Mbit/s 1000BASE-T1
Features	Configuration interface via USB port On-board configuration switches
Power	IEEE 802.3af PoE in USB Type-C
Form factor	84 x 47 x 26 mm (LxWxH)

About Conclusive Engineering

We provide reliable development and consulting services for various embedded platforms, assisting enterprises and manufacturing companies in optimizing their processes through tailored embedded system services, products, and hardware solutions.
